

Want to simplify your company's freight payment process?

Transportation invoice processing is one of the most expensive, time consuming and complex tasks within a payables process. Some companies are unaware of the **options available** to outsource this process and realize **substantial savings** at the same time.

At Sunset, we offer an affordable and comprehensive freight audit, payment, and reporting solution.

Our process will audit every invoice, ensuring your carrier charges are accurate.

Through our custom application, PayLOGIK, you can:

- Enforce audit and payables controls
- Accelerate visibility to your transportation and payables data
- Remain in control of carrier payment amounts and the timing of carrier payments

Simplify & Save with

PayLOGIK is not technologically complicated. Yet it accurately applies controls tailored to your needs to help reduce your expenditures in:

- Invoice Processing and audit recovery
- Balance Due Reconciliation
- Rate Database Maintenance
- General Ledger Account Coding
- Transportation and Payables Database Development, Maintenance, and Reporting
- Carrier Payables Disbursement and Reporting
- Compliance Monitoring
- Paper Invoice Data Storage and Retrieval
