

Are you getting the best service and price for all your transportation needs?

Partner with Sunset and experience the difference. Our approach ensures that your company has a **single point of contact**, supported by a **team** with **specialized skills** in various modes of transportation. We customize a solution that **best suits** your company needs, with a service level that meets your expectations.

Superior Service, Competitive Price

With over 20 years of experience, Sunset's buying power is fueled by our network of carriers, fleet of owner operators, advanced pricing tools and experienced professionals who are experts in the market. As a result, we can provide the most competitive pricing to our customers.

Sunset Manages All Modes of Transportation

Truckload	Less than Truckload	Intermodal
Expedited	Ocean	Air
Rail	Specialized Equipment	Liquid Bulk

Flexible Solutions

Rather than restricting customers to a "canned package," we tailor our services and position our staff to your company's needs. Whether you're moving a single shipment or looking for a complete third party logistics provider, we have a solution for you.

Personalized Service Solution

Sunset will assist you and your vendors on an individual shipment basis for all your modes of transportation.

Features:

- Gain a single point of contact for each shipment accessible to your traffic department and vendors
- Receive an immediate rate, routing and tracking updates

Predetermined Routing Solution

Sunset will negotiate with your carriers or additional carriers and provide a cost analysis.

Features:

- Customized LTL base rates and discounts
- Tailored routing guides for you and your vendors to maximize cost and service efficiency

Freight·LOGIK[®] Online Solution

Sunset's FreightLOGIK platform provides for 24-hour, unlimited user access to all of your shipping information.

Features:

- **Quote It**—Get deeply discounted LTL and Truckload quotes at any time. Save & email your quotes for future shipments.
- **Ship It**—Tender LTL and Truckload shipments with a push of a button and print your generated BOL. Build a product and shipment database.
- **Track It**—View tracking information for all shipments. Print proofs of deliveries and invoices.
- **Find It**—View, print and email saved quotes.

Do you want your international transportation to be as easy as your domestic?

Let Sunset **take the stress out** of your international transportation. Let us handle your overseas shipments, and we'll provide you with an **ideal vessel** for your freight.

At Sunset, we want to **remove all of the pain** for our customers when it comes to international transportation. No more dealing with multiple carriers and providers. Let your **one point of contact** at Sunset take care of your shipments from your vendor overseas to your dock and back again.

Competitive Pricing, Diverse Network

As a Non-Vessel Operating Common Carrier (NVOCC), Sunset makes it easy to find an ideal vessel for your freight by providing **multiple options** that are right for your business. While other providers tie themselves to a specific ocean carrier—which can result in less competitive pricing—we **balance our network** and leverage our relationships to provide your business with the best solution.

Sunset's International Services

- International Ocean & Air Freight (Import & Export)
- U.S. Customs Brokerage and Customs Compliance
- Warehousing and Consolidation
- Barge and Rail Service
- Online shipment status & data reporting

Licensing and Authorities

- NVOCC, Non-Vessel Operating Common Carrier
- OTI, Ocean Transportation Intermediary

Worldwide Contacts

Worldclass Experience

Want to simplify your company's freight payment process?

Transportation invoice processing is one of the most expensive, time consuming and complex tasks within a payables process. Some companies are unaware of the **options available** to outsource this process and realize **substantial savings** at the same time.

At Sunset, we offer an affordable and comprehensive freight audit, payment, and reporting solution.

Our process will audit every invoice, ensuring your carrier charges are accurate.

Through our custom application, PayLOGIK, you can:

- Enforce audit and payables controls
- Accelerate visibility to your transportation and payables data
- Remain in control of carrier payment amounts and the timing of carrier payments

Simplify & Save with

PayLOGIK is not technologically complicated. Yet it accurately applies controls tailored to your needs to help reduce your expenditures in:

- Invoice Processing and audit recovery
- Balance Due Reconciliation
- Rate Database Maintenance
- General Ledger Account Coding
- Transportation and Payables Database Development, Maintenance, and Reporting
- Carrier Payables Disbursement and Reporting
- Compliance Monitoring
- Paper Invoice Data Storage and Retrieval
